Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Conference

Scientex Conferences invites global participants to the “**4th International Conference on Cosmetology and Plastic Surgery**,” scheduled for **May 14–15, 2026**, in **Kuala Lumpur, Malaysia**. The conference, themed “**Scientific Research and Medical Revolutions in Cosmetology and Plastic Surgery**,” will delve into cutting-edge topics such as aesthetic advancements, reconstructive techniques, minimally invasive procedures, regenerative medicine, and the latest innovations in cosmetic technology. Over the course of two days, attendees will benefit from keynote addresses and oral presentations delivered by leading experts, alongside poster sessions showcasing groundbreaking research from scholars and students. This event is designed to address contemporary challenges and advancements in the field, providing valuable opportunities for knowledge sharing, professional growth, and networking. Join us to explore the forefront of cosmetic and plastic surgery practices, engage in transformative discussions, and connect with top professionals in the industry. Don't miss this opportunity to be part of the dynamic evolution in cosmetology and plastic surgery. ([click here for more](#))
