# Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. [\(click here for more\)](#)

## About Webinar

Scientex Conferences invites all prestigious researchers and scholars from around the world to participate in the **“3<sup>rd</sup> International Webinar on Cosmetology and Plastic Surgery”** which will be held on **May 26-27, 2025** in **GMT+4** Time Zone. Scientex Conferences are committed to assisting professionals in being the best they can be by giving them unique opportunities to study the fields of scientific surgery research in order to find and share possible breakthroughs. We offer a suitable forum for renowned speakers, innovators, inventors, business professionals, academicians, established authors, scientific editors, medical practitioners, medical service providers, cosmetic professionals, research associates, analysts, students, and other people of similar caliber to exchange ideas and offer solutions for significant global challenges in the vast arena of the scientific plastic surgery society as a whole.
